

It is almost two years since teachers and students from Spain, Germany, Poland and Austria met for the first time within the Erasmus + project. The past two years have been filled with new experiences and lasting impressions that will have a profound impact on our lives. All the students had opportunities to live with host families abroad and get authentic cultural experience, practise language skills and learn the realities of daily life in a new country.

We all took part in various cultural events,

workshops and training seminars,

we delivered oral and visual presentations

and shared our skills and knowledge with other participants.

### INTERCULTURALITY IN MY SCHOOL

The past two years have passed in the blink of an eye. Beyond a shadow of a doubt, it was once-in-a-lifetime experience. None of the participants will ever forget this amazing adventure. We truly hope to meet again someday soon and develop a new Erasmus + project together.

### The communication
